2018-2019 LCAP OVERVIEW

Local Control Funding Formula (LCFF)

8 State Priorities

1. Basic Services
2. Academic Standards
3. Parent Involvement
4. Student Achievement
5. Student Engagement
6. School Climate
7. Course Access
8. Other Outcomes

California's Local Control Funding Formula (LCFF) provides Base, Supplemental, and Concentration (S&C) funding to school districts. S&C funds are the only funds targeted to improve student outcomes for all students - especially for English learner, foster youth, and low income students.

The Local Control Accountability Plan (LCAP) shows how these funds will improve student outcomes and performance for all students – especially English learners, low-income students, and foster youth.

What is in Saint Helena Unified School District's LCAP?

St. Helena's LCAP was developed to address student achievement, stakeholder engagement and providing a safe, productive environment for learning. These concepts were developed into three goals and supporting actions for implementation and measurement. The new California Dashboard has identified areas of strength and development that are addressed in our action plan.

Major Changes For 2018-2019 LCAP

This year's LCAP redefines our 2016-2017 goals and incorporates them into actions within three larger, more encompassing goals. Our actions are grounded in student engagement and achievement with a focus on our English Learner and Special Education population as defined by our California Dashboard Data.

LCAP Goal 1:

By 2021, all members of the school community, will report increased levels of engagement as measured by surveys, participation, attendance, and observation.

Goal 1 Budget = \$42,870.00

LCAP MEASURES

We want to maintain:

The district is proud of our student success over many years. Our graduation rate is around 98% annually and students score very high on standardized tests both nationally and in our state. Our campus climate shows that students feel safe and ready to learn. We have very low teacher turnover and staff is very experienced in instructional techniques.

We want to increase:

Based on data from the California dashboard, we would like to continue to close the Achievement Gap for our Latino students. The district has also identified a need to provide more resources to support Special Education services as the overall performance for this subgroup was low.

We want to decrease:

The district is proud of the climate and culture on our campus based on the California Healthy Kids Survey data. We believe the Positive Behavioral Intervention Systems has supported our vision to provide a safe and happy environment for student learning. As a result, our suspension/expulsion rate has diminished greatly over time and we would like to see that trend continue.

STAKEHOLDER ENGAGEMENT

District LCAP (DLCAP) Parent Committee

The district maintains strong stakeholder engagement for the development of the LCAP. The Governing Board receives monthly updates on Goals and Actions related to the LCAP as well as progress in certain targeted areas. District staff and administration conduct monthly LCAP Steering Committee meetings to determine ways to continue to solicit student and parent input into our plan. This year, in addition to the work above, district staff will hold two meetings with English Learner Advisory Committees in the district as well as a student forum for students who are disconnected from school to find ways to engage all students in their learning.
