

## St. Helena Unified School District

### **NOTICE: BUS TRANSPORTATION CHANGE**

Beginning **Wednesday, February 1, 2017**, the Napa Valley Unified School District (NVUSD) will begin providing bus transportation services for SHUSD. *First Student, Inc.* has been our transportation provider for several years, and they are no longer able to offer services to our district because of changes within their company. NVUSD is looking forward to providing us with transportation services moving forward.

Bus stops and times will go back to what they were at the beginning of the year starting on **Wednesday, February 1, 2017**, with three different routes again. Your student may have a new bus driver, however; as our current drivers will most likely pursue other employment opportunities.

The three bus routes for this year are posted on the District webpage, and copies are available at the school sites. We will call families with reminders about the change back to three routes before February 1, 2017.

Our three bus drivers, Brandon, Suzie and Miguel, have been wonderful over the years, providing our students and families with excellent service. We are grateful for their time with our district, and wish them well in the future.
